

**Saskatchewan
Chicken Industry
Development Fund
Application Form**

In 1999, the Chicken Farmers of Saskatchewan (CFS) and the Saskatchewan Government Agri-Food Council signed a memorandum of understanding that provided for the creation of the Saskatchewan Chicken Industry Development Fund (SCIDF). SCIDF was established as a non-profit corporation with the mandate to provide funding for poultry research and market development projects.

Effective January 29, 2012, through regulatory change, this fund moved from an independent non-profit corporation to a committee of the Chicken Farmers of Saskatchewan. The fund committee consists of three elected licensed producers, one member appointed from the Chicken Farmers of Saskatchewan and one member appointed from the Agri-Food Council.

This form should be used for poultry research and market development projects. Requests for funding for general promotional activities should be referred to the Chicken Farmers of Saskatchewan office. The attachment to the application form contains instructions for completing the form.

Recipients of SCIDF funding will be required to adhere to reporting requirements determined by the SCIDF committee.

For further information or to submit completed applications, please contact:
